

SAURABH PARMAR

Full Stack Developer (MERN) | React Native Developer | Frontend & WordPress Developer

Surat, Gujarat, India | +91 6352244221 | parmarshavu009@gmail.com

Portfolio: shavuparmar.vercel.app | GitHub: github.com/shavuparmar | LinkedIn: linkedin.com/in/shavuparmar

PROFESSIONAL SUMMARY

Motivated Full Stack Developer (B. Tech Computer Engineering, final year) with hands-on project experience designing, building, and deploying 10+ web and mobile applications using React.js, React Native, Node.js, Express.js, MongoDB, PostgreSQL, and Tailwind CSS. Comfortable building secure REST APIs, JWT-based authentication systems, real-time features with Socket.io, and payment gateway integrations (Razorpay, Stripe). Also skilled in AI-powered feature development, responsive UI/UX design, and WordPress-based websites. Eager to bring strong self-learning ability, problem-solving skills, and end-to-end project experience to an entry-level Full Stack Developer role. Fluent in English, Hindi, and Gujarati.

TECHNICAL SKILLS

Frontend Development: React.js, React Native, JavaScript (ES6+), Typescript, HTML5, CSS3, Tailwind CSS, Framer Motion, Vite

Backend Development: Node.js, Express.js, REST API Design, JWT Authentication, Socket.io

Databases: MongoDB, MongoDB Atlas, PostgreSQL

UI/UX & Design Tools: Figma, Adobe Photoshop (basic), UI Design, Graphic Design, WordPress Development

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, Render, Netlify, npm, Expo, MS Excel

Payments & Integrations: Razorpay, Stripe, AI APIs, AI-Powered Web Application Development

Core CS Fundamentals: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Languages Spoken: English, Hindi, Gujarati

PROJECT & FREELANCE EXPERIENCE

Freelance Full Stack Developer (Self-Initiated & Client Projects)

2023 – Present

Remote

- Designed, developed, and deployed 10+ web and mobile applications, including booking platforms, admin dashboards, e-learning systems, e-commerce platforms, and custom business software.
- Built secure authentication systems using JWT and role-based access control (RBAC) across multiple user roles (Admin, Staff, User) to manage data security and access permissions.
- Designed and integrated REST APIs connecting React front ends with Node.js/Express back ends and MongoDB/PostgreSQL databases.
- Implemented end-to-end payment workflows using Razorpay and Stripe, enabling secure transactions, invoice generation, and payment history tracking.
- Developed responsive, mobile-first interfaces with React.js and Tailwind CSS, and deployed applications on Vercel, Render, and Netlify.
- Integrated AI-powered features into web applications and built cross-platform mobile apps using React Native and Expo.
- Delivered WordPress websites and UI/UX designs using Figma, expanding skills beyond custom development into design and CMS-based builds.

KEY PROJECTS

Korder – Enterprise Order Management Platform

- Built a full-stack platform with Admin, Staff, and User roles supporting end-to-end order workflows, invoicing, and payment tracking, reducing manual order-processing steps for business clients.
- Tech stack: React.js, Node.js, Express.js, MongoDB, JWT Authentication.

ChartMentor – E-Learning Platform

- Developed an e-learning platform with Razorpay payment integration, course management, payment history, and automated invoice generation for students and instructors.
- Tech stack: React.js, Node.js, Express.js, MongoDB, Razorpay API.

Real-Time Chat Application

- Built a real-time messaging application supporting live chat and multi-room management for concurrent users using Socket.io.
- Tech stack: React.js, Node.js, MongoDB, Socket.io.

E-Commerce Platform

- Developed a full e-commerce solution with product catalog, shopping cart, Stripe payment integration, and an admin dashboard for inventory and order management.
- Tech stack: React.js, Node.js, Express.js, MongoDB, Stripe API.

Study Stacks – Student Resource Platform

- Built a responsive student resource platform with organized educational content management and an intuitive, mobile-friendly UI.
- Tech stack: React.js, Node.js, MongoDB, Tailwind CSS.

EDUCATION

B.Tech in Computer Engineering <i>P P Savani University, Surat</i>	2023 – 2026
Diploma in Computer Engineering <i>Shree Dhanvantary College of Engineering, Surat</i>	2019 – 2023
Secondary Education <i>V Care English School, Surat</i>	Up to 2019

ACHIEVEMENTS

- Built and deployed 10+ web and mobile applications across multiple domains, including e-commerce, e-learning, and business management.
- Maintain multiple public GitHub repositories showcasing full-stack and React Native projects.
- Hands-on experience with SaaS platforms, AI integrations, and secure payment systems.
- Self-taught UI/UX design, graphic design, and WordPress development alongside core full-stack engineering skills.
